Fecha: / /

A black and white line drawing of a cartoon bear, intended for a children's activity. The bear has a large, rounded head, two large circular eyes with solid black pupils, and a small, simple nose. Its body is also rounded, and it has four limbs. The entire bear is composed of various shapes, many of which are dashed outlines containing letters. The letters include uppercase 'A', 'I', 'O', 'U' and lowercase 'a', 'e', 'u'. These letters are scattered across the bear's head, body, and paws. For example, the head contains several 'A's, 'I's, 'O's, and 'U's, along with lowercase 'a's and 'e's. The paws at the bottom have circles containing 'u' and 'o'. The bear's ears are also represented by dashed circles. The overall design is simple and friendly, suitable for young children's educational materials.
