TAKE CARE

CHAOTIC SUBVERSION!

AS YOUR REALLY A NEW BAND, BEING FORMED IN 85, WAS IT EASY TO GET A DEMO DONE, COST ETC: Yeh,

it was quite easy cos the demo we done was whats called a 'live demo' which means, instead of each band member seperately doing his bit, then afterwards mixing it all together, we just went in and recorded it all at the same time (if ya know what i mean) so doing it this way, it works out cheaper.

YOU ARE AN A BAND, DO YOU BELIEVE IN BRITAIN WITHOUT ANY LAW OR AUTHORITY WOULD WORK, OR WOULD THERE BE SOME BASTARDS TRYING TO DISRUPT THE ANARCHIST STATE: Of course there'd be the odd bastard, cos i mean not everyone believe's in an anarchist state, so just as we're fighting law authority, if we got our anarchist state, there'd be some arse hole fighting it.

ARE ANY OF CHAOTIC SUBVERSION VEGGIES OR VEGANS: The only present member of the band who is a veggie is me (gus), the rest dont bother cos they enjoy there meat (aaaarrrrrrrrhhh cough) WHAT WOULD YOU SAY TO ANYONE WHO SAYS THAT ANIMALS WERE PUT ON THIS EARTH TO EAT: I'd just tell them what a heartless insensitive bastard they were being.

YOU DEFINATLY LIKE YOUR PLONK, RECOMMEND A NICE TOUCH OF DRINK TO ARE NICE READERS:

Well when i aint got any homebrew i turn to the next best thing irn bru. (well its ya other national drink)

A FEW OF YOUR SONGS ARE ABOUT FIGHTING BACK, IE I'VE HAD ENOUGH ETC. DO YOU GO SUCH

EVENTS: Well there aint really much happening in that line, here in Glasgow that i know.

Ye really have to do that sort of thing yourself, so a group of us have a few plans of our own worked out (see). WHATS THE NAME 'CHAOTIC SUBVERSION' MEAN TO YOU: Just simply what it says, we dont think a peaceful means of subversion would work.

DO YOU GO TO STONEHENGE, WHAT DO YOU THINK IT MEANS TO PEOPLE WHO GO:

No i aint been to stonehenge, tho i wanted to go last year (86) but it fell through, so as i aint been i dont know what it means to go.

IS THERE MUCH OF AN ANIMAL RIGHTS MOVEMENT IN AND AROUND GLASGOW, DO YOU TAKE PART:

Theres a good animal rights movement here, a few guys i know have got the vegan action group, they run vans on saturdays mornings, a group of us were going to the one on boxing day, but something happened and they couldnt get any transport laid on. So we'll be at the next one.

HAVE YOU HEARD ABOUT THE DR HADWEN TRUST, DO YOU THINK THIS TYPE OF EXPERIMENTS CAN TAKE OVER FROM USING

ANIMAL'S: Is this the one where they use skin tissues, (yep), if it is i think this is really good, then again any

means of replacing must be good. I've also heard about one where there using blood samples, i am not sure which is which, yes i think this is a great move in stoppin animal experiments.

IF PEOPLE FROM HEMEL HEMPSTEAD GET HAEMORRHOIDS, DO PEOPLE FROM POLAND GET POLAROID'S: No but i bet they'd be really polished off with yer jokes (eh)

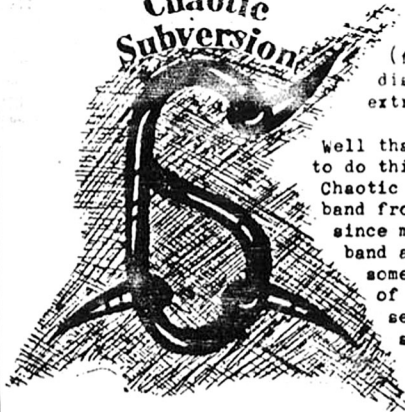

Enough of these so called jokes, please turn over dear readers.

ANARCHY MAY MEAN FREEDOM BUT YA GOTTA FIGHT FOR - FREEDOM

WE'LL GO ON THEN.

Chaotic Subversion

DISTURBED

YET ANOTHER ACE SCOTTISH BAND EVERYBODIE, QUESTIONS ANSWERED BY JOHNNY, TA FOR THAT. GET THE DEMOS COS THERE SUPER PUNKY, DETAILS ABOUT THEM AT THE END OF THE SCRIBE... "TAKE IT AWAY JOHNNY".....

SOME OF YOUR SONGS ARE BASED ON WAR, BUT WHAT DO YOU THINK OF CND, DO YOU THINK THERE WASTING THERE TIME?: To us they are fuckin useless cos we know whats going on and whats needed stopped but i suppose alot of people were never aware of the situation until they heard about CND, who seem to be allowed alot of media coverage (something stinks). I am not into organisations that want money off you. They're too conformist trying not to upset the government when they march or whatever it is they do on a saturday. I think they are a waste of time, its takes more than stickers and banners. They're just an acceptable face of rebellion, they're 'safe', they pose no threat. It would be interesting to see what would happen if someone with balls got in charge and used their numbers for direct action without arse kissing police and government first.

YOU DONT AGREE WITH THE ARMY, WHAT WOULD YOU DO IF YOU WERE CALLED UP?:

Fuck that, are you trying to ruin my day. Theres no way i'd take anything to do with those bastards. They're all fuckin sick bastards that cant even see how much piss the gov is taking out of them. They're been blinded by the old national pride and patriotic duty shit.

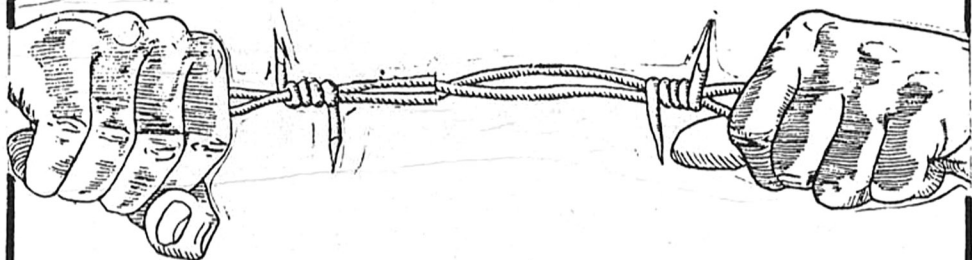

COS OF YOUR VARIOUS SONGS, WHAT INSPIRES THE BANDS LYRICS?: Depression, totally pissed off shitless with the state of life as we know it. Life sucks and i fuckin hate eggs. So what else can you do but write songs.. simple.. yes, are 'nt i DO YOU THINK VIOLENCE WILL EVER STOP THE INCREASING VIOLENCE, IE REAGAN+CADAF? Quite simply, no. Its inbred in man. There are far too many people across the world who always turn to violence to further their cause, just the way punk is going today. Violence will always be with us.

YOU HAVE AMBITIONS TO PRODUCE YOUR EP, HOW IS THAT SITUATION?: Pretty dire. We've your average penniless paupers but we're trying to get a loan off a mate who thinks its a good idea but we'll have to wait til he's sobered up. We're about to record some new stuff soon so that side of it is ok, all we need now is money and lots of it + help to sell it.

IN SPANNER IN THE WORKS ZINE THERE WAS A STRONG PIECE ABOUT THE BEHAVIOUR BY SOME GLASGOW PUNKS AT A ACA/QI POLLOI GIG. WERE YOU THERE, HOW DO YOU FEEL ABOUT THAT SORT OF BEHAVIOUR?: No i was'nt there so dont blame me. Its because of trouble at gigs that Glasgow's totally dead. No place for gigs, to meet or booze its just shit. Hopefully things will change tho and we can get some gigs going.

TRENDY QUESTION NOW, IS THERE MANY PLACES TO SQUAT IN GLASGOW, HAVE YOU EVER..? I dont know if anyone does, just some old tramps possibly cos we've not got squatters rights up here so as soon as you made ago of it some cunt would have you out on your arse, shit innit.

'YOU HAVE A LARGE SELECTION OF FAV BANDS BUT WHO HAS BEEN THE GREATER INFLUENCE TO YOU?': I suppose a great influence in the begining was crass but we dont mimic any bands so dont think we're anything crass we're totally different from their style.
IS THERE MUCH OF A INDEPENDENT SCENE UP THERE IN SCOTLAND, SELF PRODUCED RECORDS, GIGS ETC?': Yes Scotland has got quite alot of bands and zines going just now. Not too many self produced records tho but there is some good tapes as you've heard a couple aint you. (yes indeedy i have, great stuff).

HOW DO YOU FIND THE AMOUNT OF GIGS ABOUT, IS IT HEALTHY. HAVE YOU VISITED ENGLAND MUCH?': Afraid i have'nt come down to England for any gigs so i've missed a helluv alot of excellent bands. A couple of times we planned to come down but never made it or the gig was cancelled. Scotlands not too bad for gigs but theres none in Glasgow.

DO YOU FEEL THAT THE SENTANCES ARE SUITABLE FOR CHILD ABUSERS, RAPISTS ETC AND OTHER PEOPLE WHO MAKE HUMANS LIFE A MESS?': I dont think these people could ever get the punishment they deserve. Certainly death would be mpre suitable than putting them. The victim will never recover but those fuckers are allowed back out. Maybe they should be allowed out when the victim feels suitably recovered then we'd see the fuckers rot.

ANYTHING TO ADD, SHOUT, SCREAM. WELL YOU KNOW?': If anyone wants a copy of the bands two demos then just send a blank c-60+sae to me: Johnny, 9 Oakfield Ave, Hillhead, Glasgow, G12 9JF. I am also selling a comp ep for a £1+stamp, its got the disturbed, silent community, left for dead and the living dead. Theres not many left so do us a favour and help us shift the last of them..

BOBS HAPPY NOW HES DONE HIS BIT,
HES BACK MAKING RECORDS AND THEY'RE ALL SHIT.

SO NOW THEN "THIS IS THE WORLD CALLING"
WHILE MILLIONS STARVING JUST THE SAME,
"IT MUST BE DROUGHT THERES NO RAIN FALLING,

COOCHY! COOCHY! I'M A POLICEMAN, I'M YOUR FRIEND! MY WHAT A PRETTY BABY AND MY WHAT CHISE TEETH YOU HAVE!

If your've seen the distribution section of this zine you'd seen that it had mostly Glasgow distributors and its there for a reason. There's a lot of good things there but sadly its dominated by the pathetic mindless who've fucked it up for the decent folk in Glasgow and there's plenty of good people there but it just takes a few to ruin the whole 'scene'.

ANIMAL DIES

Being fair, its not just Glasgow but everywhere where a chance of a decent movement could arise. So this is 'nt aimed at the people who have a sussed mind but to the dickheads who continue to fuck something people have worked hard to create. If there's any twats reading this firstly you should have a medal for reading these big words this far and secondly your being faded out so you either change or fuck off cos your not welcome....

LABORATORY

There shouldn't be any need for pieces like this something has to be said and done. This could be a waste cos even if the shits could read, they wouldn't take any notice but there's nothing else we can do
.....OR IS THERE?????.....

THIS INTERVIEW MUST OF BEEN THE SLOWEST & CHAOTIC I'VE DONE, FIRST STARTING IN A PUB THEN IN THE BOGS THEN THE NEXT DAY AT REVS HOUSE. SHIT WHAT A NIGHT. THANK TO REVS FOR HIS TIME. SORRY TO START WITH THE WORST QUESTION EVER, TO MUCH FIZZY POP.

YES IT'S THE...

ARE YOU A PACAFIST(AARRHH): "Pacafist" is just another label like all the other stereotype kak. Human nature is so fucked up that nobody can say that they'd never resort to violence, violence makes me sick, but i cant say i'm a pacafist tho, what i am trying to say is sus your head out and be what you feel deep down inside and not the hate created brainwash your told is right. SO BECAUSE OF YOUR 'PACAFIST' VIEWS, WOULD IT RESTRICT YOU EVER IN TAKING SOME FORMS OF DA:D/A can take alot of forms, but if it involved violence against an individual i wouldnt take part, how ever much of a "scum bag" he or she was.

WHAT HAPPENED AT THE NORWICH ROYAL WEDDING PARTY: Well someone organised an alternative picnic on that "lovely day" and about 30 people turned up, all of us were there, anyway lots of scrummy booze was consumed and a shambels of a crowd ended up at a street party in the centre of norwich, then one very drunk lady decided to take a stroll across a 8ft square cake that had been made the raf in honour of the happy couple, arrests took place as a scuffle broke out, chantings started and it all got out of hand. Eleven of us were arrested in all, we're back in court on the 21st jan.

COS OF THIS ARREST, INSIDE YOU, HAS IT DILUTED ANY FEELING OF CARRYING ON ACTION, OR HAS'NT IT CHANGED A THING: I am trying to be a good boy at the mo as hefty fines are in the works, and the kindly cooper who's dealing with the case has got a personnal vendetta against "smelly hippies" so were all keeping a low profile as pc(i've had a labotomy)22 is on the loose....

IS THERE MUCH POLICE HASSLING "SMELLY HIPPIES" IN NCH, OR IS IT WISE TO STAY CLEAR:

(MOSH!!)
MELC

No not really, its just pc(i8ve got no brain)22 that doesnt like us.

IS THERE A BAND THAT YOU'D LIKE TO SOUND LIKE OR DCNT YOU WANT TO BE OF ANY TYPE-CAST BUT YCUR OWN:We dont try to sound like anyone,we sound different every-time we reh,3 note wonder riffs make up most of our stuff,but we're getting a better"ckunkier"sound lately..GOSH.

We've been compared to early disorder, theres one difference,they can play..we cant.
HOWS THE GIG SITUATION FOR YOU & HOW HAVE GIGS GONE IN THE PAST:

Our first gig was excellent,it was in good old Lowersoft(surf yeah)with DI and Revulsion We only done 2 songs,but the pa was fucked and it made us sound even better than are usual"tightriffnpower-noiz"(heehee dreeaam).Our 2nd gig at Sancrapnas(Santa-nas)was fun,we played about a 20 minute setnof totally out of time alcholhindered noise.The manager told us to turn down..we turned up(buzz),it was amazing,people actually moshed about abit.We've been banned from playing the kak hole again.(We didnt want to anyway).

WHO IS "MIRCPIDY MELONDANGLER":A totally mindwarped, stenchcore crusty old gezar who appears in one of our noises.Hes our no1(one)-fan,lives in an old shed in stratton strawless and eats butchers..heeha.haa.ha.huh.eerkk.

IS THERE ANY CHANCE OF A TAPE CR VINYL OR EVEN A AWM GREATEST HITS DOUBLE LP:

Yeah we've just signed a billar contract with emi,awm world domination tour.We might even have a demo out sometime but when we dont know,do people really want to pay a quid for a headache.

SOME BANDS CHARGE QUITE ABIT FOR THEIR PRODUCT,MAYBE MORE THAN THEY SHOULD,HOW DO YOU FEEL ABOUT THIS:

I buy metal albums at £6,money means fuck all to me so i spend it,but i cant understand so called

"sussed"bands ripping people off, tho it doesnt bother me, some folk get really arsy when they have to spend

!TO THE
ONZ!!!

TONY: VOCALS
 ARE: REVS: BASS
 AXCK: LEAD SEAN: DRUMS

there "presious paper shit".
BY THIS, WOULD YOU LIKE TO LIVE
IN A MONEY FREE SOCIETY OR DONT
YOU THINK IT WOULD WORK:

Yes i would, but chances
 of it ever happening are
 shit nil because most people are worried about one thing and
 that thing rules there life and fuck all else matters, but
 while it exits i'll spend and get pissed and fallover (apathy),
 anyone want a fiver...

DOES BEING ON THE DOLE GIVE YOU A PATHETIC WAY OF THINKING: Nooc
 i think i'm pretty active, maybe others think different, i have
 got an aim sussed out in my head.. self sufficiency here i come
 (tookin hippy).

FAMOUS LAST WORDS: Give us a listain, hi si, sean smells, micks a

REVS 86

Tis was a chilly monday night as i strolled to the Norwich Workshop to see YOB practice, such a good night it was too. After the brill session we done this interview which took about 2 hours but still a laugh. The band have quite a few gigs coming up, so go and see them if you can. Their demo is available from vocals Mo and costs £1 + sase from 31 Fitzgerald Rd, Norwich, Norfolk, NR1 2NF. Questions answered by Mo, Paddy, Matt, thanx alot to them and if anyone can get them gigs, could they please write to the above.

YOUR SONG 'STAND STRONG TOGETHER' IS ABOUT PUNK 'N' SKINS JOINING AS ONE WHY DO YOU THINK PUNKS BECOME SO DIVIDED?

Matt: Punk has been around for so long it is the same as everything, after a while people get different views about things and it becomes segregated. Paddy: Punk means different things to different people, its all about individual beliefs so its bound to be chaotic jumble of different groups of people into different aspects of the movement, the only thing that divides us is the stupid stereotype uniforms that we wear, people should see through the barriers and not judge people by what they wear then we can be united but i cant see that happening.

Mo: I've got no real idea why punk has divided but we are trying our best to unite the punk like it used to be.

WOULD YOU EVER WANT TO BE IN A BAND AS A JOB, DO ANY OF YOU WORK? Matt: I would 'nt mind making a living out of being in a band but at the mo we've got no transport and we are pretty disorganised so i could 'nt really see it happening. I have got a job 3 days a week.

Paddy: Yeah i would, what have i got to lose, i would 'nt decare it to the dole tho so by 1999 i should

be a tax exile living in Barbados. Mo: As i am unemployed, the band is a job for me, but i would like to earn more money so i could live of it tho.

NORWICH SEEMS TO BE PICKING UP SCENEWISE, MORE BANDS ETC. HOW DO YOU SEE IT?

Paddy: Scenewise nch has gone steadily downwards since 83, its now as lively as a load of goat shit so no its worse than ever, pathetic but we're trying, us and Rigamortis are putting together our p.a.'s to do cheaper gigs. We might try and get some decent bands from out of Norwich so maybe there is some hope but at the mo. Apathy . Mo: Yeah theres

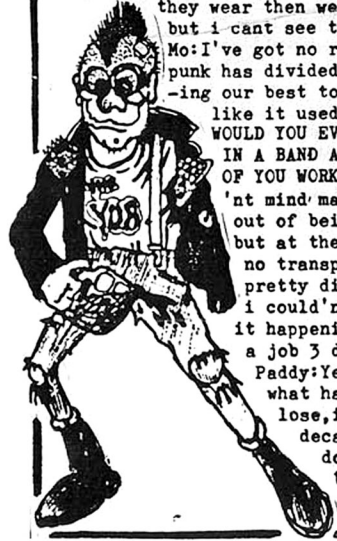

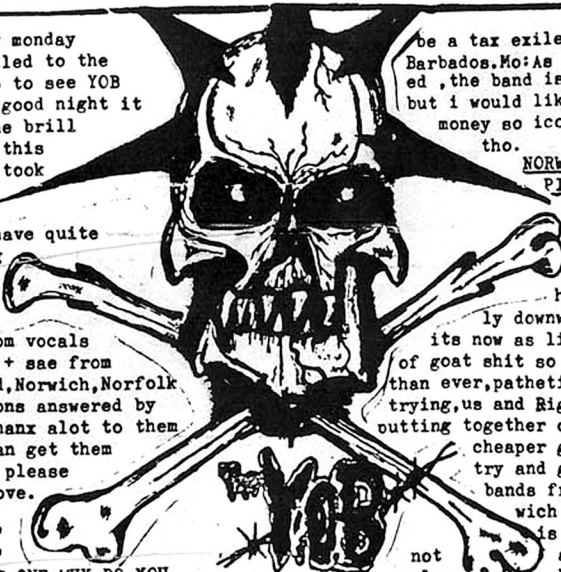

alot more bands but the snag is that theres not many places to play in Norwich.

MOST PEOPLE HAVE A NEGATIVE IMAGE OF PUNK, WHY DO YOU THINK ABOUT THIS, DO YOU THINK ITS A RUB OFF FROM 77?

Mat: People think that we are aggressive cos of the way we look and if they meet one aggressive punk they assume that all punk are. I suppose it was almost trendy for punk to be aggressive and violent, just the same as glue sniffing . but thats just stereotyping and if people cant see that then they are just ignorant. Paddy: Who cares what people think of you, who cares what the image the media and 77 leaves it all should be just ignored, whats in you is alot that counts, not what other think. Mo: The people who say this are only doing what the press say they ought too.

WHAT IS THE TRUTH ABOUT PLAYSCHOOL:

Paddy: Its just disgusting, we where supposed to play live you see and as soon as the cameras are off their at it like rabbits. Jerminers a prostitute and big ted pimps for her, Hables got clap cos she went through the camera team like no ones buisness, little Ted jerks up all the time, its just disgusting and they pay bribes to keep it out of the papers.

GOING BY TONIGHT YOU'VE GOT SOME NEW TUNES WHICH ARE'NT ON THE DEMO'S, HOW LONG DOES IT TAKE TO GET A NEW SONG

TOGETHER: Mo: It takes round about two to three practices to perfect a song, it can never be perfect but it depends on the style.

SAY GOODBYE: Matt: Goodbye... thanx to leggo for inspiration, hes our hero, also buy our demos. Mo: Thanx to bish for the interview and hello to punx'n'skins everywhere.

Paddy: Cheerio girls and boys, bye bye and fuck off and i hope your bollox fester and drop off at an important moment ha ha ho ho ho (joking)+ thanx to bish, the guy with tea bags round his ears.

REVIEWS

WILL EVIL WIN comp ep. Ace flexi this with Anihilated, L. Crucifier, C. Society + Desecrators. 15 minutes of ace talented music with a big folout cover with lyrics and only for 50p+18 stamp. If you like speed or thrash even metal the ep contains abit of each from me or Peaceville records, 96 Headfield rd, Saville Town, Dewsbury, W. Yorks, WF12 9JG.

HEAVY DISCIPLINE EMI demo. 8 trax in all of quite fast tunes with metalish guitar. Various topics are shouted so you can sing a, long with the a4 size lyric sheet that comes with it. Dead good this and worth getting. You can get it from drummer Paul, look for Paul's name in the dist bit under his name. *...A MUST....

YOB both demos. *Catchy music here with sing along songs in a general punky style. I think it would appeal to most poeple. Quite fast in places and easy worth alistain, a must, from the band.

NEXT WORLD demo. I like it the more i hear it, you've to get this kiddies. With the use of a drum box and echoing vocals it gives over a great tape. GET IT.*

MAXIMUM SECURITY from innocence to ignorance. A lot of work must of gone into this tape, thoughtful thinking in the lyrics and statements. The a4 lyric contains good art too to go along with the slowish to medium paced music. Easy to hear the words and decent tape. worth getting from love n bricks dist address.*

FEED YOUR HEAD demo. No thrashin nozie hear, just 6 tuneful trax of hard hitting music, great tape to lay back back with a cup of hot tea. So fuck what the doctor says, just take a listain.

Feed Your Head doesn't screw you up but reaches the parts other tapes cannot reach????????*.

DISTURBED demo, i like this. From medium to fast style music with some catchy tune -s and talented music. This is another one of those tapes that many people would enjoy. Yet another get it. From the address on the interview.*

POLITICAL ASYLUM - walls have ears, studio+live. OW EERR. I have 'nt really heard much of pa before this. A whole hour of brill folky groovey music. Brill, melodic at its best. RIPCORD damage is done ep. WOW WWEB. WHAMA JABBA. I like this, very fast in places, stomping style in others. A must for all nozise lovers out there. Another flexi here, 9 trax for 50p+18p. WELL WORTH IT from me.*

FIGHT BACK comp. This ep has Living Dead, Left for Dead, Silent Community and Disturbed who were the best band on there to me with 'warfare'. This ep is 'nt the best thing i've ever heard but its ok. Living Dead sounded like eddie tenpole on the vocals front, i've heard better from Silent Community too with there slowish 'Johnny boy. Left for Dead were alright with there 'Holy War' but thats just my opinion.*

RISE ABOVE zine. Good artical and good for a first issue, well planned out and thought out. This is a benefit for the rape crisis and covers topics from punk to war to smoking and to many other things. From PHIZZ dist or 43 bowthorpe rd, wisbech, cambridgeshire.*

PROBLEM CHILD *6 zine. This is big, 60 pages big, thats how big. You'd think it being that large that it would be chaotic but no. THE NEXT WORLD

ARE THERE ANY ADVANTAGES/DISADVANTAGES ABOUT BEING A DUO, WERE YOU ANY MORE THAN A TWO PIECE? SN: We're flexible, we've been a two piece for quite a while, but now we have brought in Stephen Jones on guitar, this helps release Darron to concentrate on his singing and rolling round on the floor, and it creates a focal point for the bands output. Having said that, after Darrons unfortunate car accident we are going to have to do a gig without him. A two piece has its advantages too, it can be more direct, minimalist and unassuming.

YOU ARE GREAT FRIENDS WITH HEAVY DISCIPLINE, IS THERE MUCH COOPERATION? DW: Yes there is a lot of cooperation. I live with Paul and Steve (guitarist+bassist) and we're always helping each other out. We always mention each other to fanzines, that sort of stuff. But more important than that, there's a strong friendship between the bands.

RECENTLY BARCLAYS PULLED OUT OF SOUTH AFRICA, WOULD YOU SAY THIS IS A GOOD EXAMPLE TO FOLLOW BY OTHER COMPANIES STILL INVOLVED? DW: First of all, don't anyone go applauding Barclays. They are shit. They admitted themselves that they didn't pull out because of the oppression they were causing sa blacks. They said they pulled out because the sa economy is unstable and they stand to lose a lot of money if they stay in sa. This just shows them up to be the murdering multinational bastards that they are. Their only concern is their own profit. Other peoples pain is now an accepted way of making profit. We must change this view. This is something we must communicate to the public, the public who bank at Barclays, buy from HMV, Macdonalds etc etc.

Back to the question, yes sa blacks will benefit from companies pulling out and from sanctions (even personnel boycotting of apartheid contaminated produce), but Barclays are not setting an example of humane thought, they are just trying to make more money. All Barclays money is blood money.

DO YOU THINK APARTHEID WILL STILL CARRY ON IN S.AFRICA EVEN IF ALL THE BRITISH COMPANIES PULL OUT? SJ: If all british companies did pull out of S.Africa a drastic change would occur in the running of the country as the economy would collapse. But as long as banks/companies/big money exists in south africa, so will black repression.

NW: It depends on which companies pull out, as with the recent pathetic attempt at sanctions which would only have been effective if it included coal which it did not. If Shell pulled out, south africa govt would be in trouble, it is reliant on imported oil to run much of its police+military vehicles. South Africa has no oil supplies of its own. Oil is also needed to produce tear gas, nerve gas, and napalm. Shell is an anglo dutch company and in holland during 1986 many Shell stations were attacked, cutting hoses, glueing up machines, and sugar put in petrol reservoirs and two stations (one in Amsterdam) were completely burnt down.

There is no need for investing in a country, in which, with the latest press restrictions, we can only guess at the atrocities being committed on its workers. Say no to another nazi republic. Force shell out.

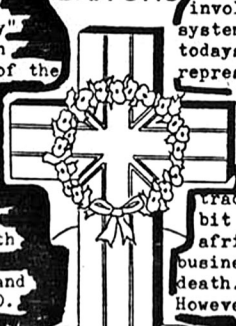

JUST SAY I EAT MEAT (WHICH I DONT). SAY SOMETHING TO HELP CHANGE MY MIND: DW: To produce one pound of meat it takes over 7 pounds of grain. So if you eat one pound of meat today you are wasting over 6 pounds of grain a day. Grain which could feed the world. Grain which could be given to undernourished areas is fed to animals so we can kill them and eat meat. So don't wear your feed the world T shirt and eat Macdonalds deathburgers.

SJ: In my view the meat industry is industry. All big money is dirty industry/business/company that is connected with the whole "big money" industry that is a major factor in profit making business is a part of the whole world. Its all linked, its ion. If you buy anything (not just company/shop anywhere (yes even Co-op) you're not making any re still funded mass profit/mass is linked, apartheid, the arms back and argue you are doing your buying this or that cos thats south. But if you buy anything from any means worldwide greed, hunger, war and BANKS AND ALL THE BANKS ARE LINKED. co-operatives or growing our own from this endless madness, and better. There are other reasons been proved more heathly not to , radiation etc in it). It is also indeed an unnecessary murder. I given it to eat (which is seldom i will probably eat it (think of the bellies of the starving as you throw some food away).

YOUR AGAINST FIGHTING IN SA AND AGAINST WAR SO WOULD YOU CALL YOURSELVES PACIFISTS:

DW: I'm not against the blacks fighting back in sa. They cant take any more of the shit, i dont know where you got that from. I am against war, i dont think of myself as a pacifist even though i said that first statement about sa fighting, i deplore violence. SN: We do not object to fighting against oppression. What we do object to is war that involves the working class of one state being led into conflict with those of another for reasons that can only benefit the oppressors of those people. In world war one trench warfare was ceased one christmas in order that both sides

just as bad as any other big money, all profit is pain. Any involved with large sums of profit system. It is not only the meat today's hunger/poverty problems, any repression and exploitation of the all responsible for starvation/ meat/ from any business/ large Holland-Barret, Sainsbury's, difference what so ever, you' exploitation. All "big money" trade etc. Its so easy to sit bit by not eating meat, and not african or emi or unilever etc. business the profit you funded death. ALL LARGE BUSINESS USES

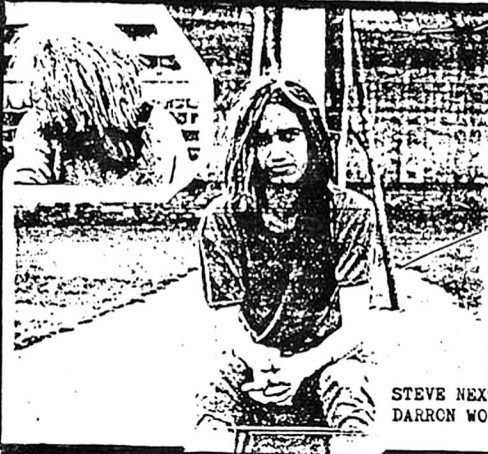

However, by setting up more food food we can detail ourselves the more food co-ops the for not eating meat, it has eat it (look at all the chemical the murder of an animal and myself dont buy meat, but if i'm

could play each other at soccer in no mans land. Then they discovered each other to be normal similar young men, so why try to kill each other. Obviously when the generals found out, disciplinary action was taken, fraternising with the enemy is something the rulers were afraid of, least their propaganda myths were seen through.

Its only when we stop being led by our leaders that we'll stop being led into war

AS A BAND, IS THERE ANY AMBITIONS THAT YOU'D LIKE TO FULFILL:

The band is a vehicle for our creativity. Everyone needs to create in whatever form they see fit, it is one of the few liberating experiences left to us.

STEVE NEXT (INSERT),
DARRON WORLD.

NEXT WORLD

WHY THE NEXT WORLD, WHAT DOES IT MEAN TO YOU? D; The Next World. Religion teaches that if you bear the pains of oppression with dignity in life you will be rewarded with eternal bliss and happiness in death. Wake Up. There is no next world which we must behave ourselves to get to. Don't behave yourself. If you are oppressed don't be meek. Claim your life from your oppressors.

YOU SAID 'THE PEACEFUL MUST FIGHT ONCE IN THEIR LIVES, FOR THEIR LIVES', WOULD YOU LIKE TO GO IN TO DETAIL MORE ABOUT THE PIECE. WHATS THE MEANING BEHIND IT? SN; A lot of people in this nation are basically "peaceful" people, unfortunately most of these are in the downtrodden lower positions of our social order. Margaret Thatcher does not believe in peace, however often she says that she does, if a war will keep her in power she will take that option. If a chance to overthrow and create self rule arises then the state will use violence to protect itself. We must not say "violence is the way of the state... we cannot use it" because the state (via police and the forces and emergency powers) will be using violence to maintain violence, but if defeated then the people will have used violence once and once only to ensure a future of peace.

IF A MEMBER OF THE NF ASKED YOU IN THE STREET ABOUT YOUR VIEWS ON THE NF PARTY ITSELF, WHAT WOULD YOU SAY? D; Fuck off racist shit, repeat until the shit is kicked out of me. No I'd explain that he is racist and wrong, apologise for quoting crass here but "were all just niggers to the rulers of this land".

I'd ask him/her what exactly were the views that the nf held, i'd probably have a good argument and ask them what makes them so special from anyone else (if i was in a bad mood through i'd probably just say fuck off).

AS A PERSON, WOULD YOU SAY YOU HAVE FAILED LIFE OR VICE VERSER BECAUSE IN YOUR SONGS YOU SEEM TO PUT A LOT OF FEELINGS IN TO IT? SN; I am pleased you say that, we like our music to be emotional. As for life, well the life we're offered is one of school (compulsory first job) which trains you into submission for 9 to 5 compulsory survival techniques which makes people do the worst things... working in a abattoir, making truncheons, researching new death weapons, training to be a chartered accountant. A life which is a waste of life. We are proudly unemployed and will always remain so. But we are of a generation (late teens/early twenties) in which a loop hole was there for an escape. I fear for the new school leavers with the choice of no money+living at home, or taking a YTS, shit. Some of them may even try for the army out of desperation. This society offers no chance for a fulfilled life, it has failed us, and we will fail if we do not alter it.

WHICH SONG BY THE BAND WOULD, IN YOUR OPINION, EXPRESS YOUR EMOTIONS MOST AND WHY? SJ; "Safe Territories". I wrote it about the total frustration of living in a small town. All around you everyone is totally numbed by tv, newspapers, offices, factories and what everyone else "expects" or thinks of them. Everyone is frightened of any change. Everyone is frightened of any darker side or even any different side of life, most people are born in the same town and die in the same town. There is a world outside all this. D; 34. As it says "every 60 seconds 34 people die of hunger or hunger related diseases". Listening to it often upsets me. I hope if it upsets you too you doing something about the situation. SN; For me its the 'Greater Freedom', a song telling of how cash is spent on missiles and not on feeding hungry mouths, and the missiles are needed to protect us and to keep us free in Peacetime. BUT THIS IS NOT PEACETIME. Millions are dying needlessly around the world whilst we use resources

preparing for war. How can anyone justify joining in these power games whilst lives are being wasted, those people are sick. Peace is not just the absence of war.
DO YOU SHOW YOUR FEELINGS IN ANY FORM APART FROM THROUGH THE BAND: SJ; I write alot of poetry. I go for long walks. I talk to people. The band is just another outlet of emotion. 2: Yes of course we do. I boycott sa shit, meat, thron emi, clash albums. Being in a band or coming to gigs is not enough, we've got to fight against the shit we live in, constanly. SN: Of course, but it often seems easier to express political views than true feelings but when it boils down to it, your own feelings are the more important because only when you can truly come to terms with them can you begin to be happy.

Well so ends another interview, if you have'nt learnt anything from this and the things said then this band is wasting there time and so am i. Anyway, massive thanx to all of the band: Darron(D), Steve Next(SN) and Steve Jones(SJ). Contact them at, 42 SHAFTESBURY STREET, KETERING, NORTHANTS, NN16 0RR.

Its a shame i could'nt use all the answers they gave me, but in order to fit everything in it couldnt be done. Write for there ace demo tho.

Do you ever feel the whole world is crumbling around you? Do you ever feel so pissed off with everyone and everything that you ask yourself why you bother? Do you ever see the worse aspects of human nature shine through and become disilliousened yourself when you dont feel the good things, the good feelings, the happy ones. I guess everyone feels like that from time to time, the constant competitive atmosphere that engulfs us in so many situations in life which are unbearable because of the rivalry that people indirectly create, nothing escapes it, even when people go out to enjoy themselves. The atmosphere to 'beat' each other stinks out any good feeling and mutual respect that might have existed, who dresses the best to who can drink the most, who can be the most outrageous to who comes in with the tastiest bird, the atmosphere that breeds so much anti mostly and competitiveness rears its head in places where people have got to 'look the part', I dont really care if its essential to people to have a clear, heathly mind, it is however to me. I've had enough of peoples pathetic routines of egotism, vanity and the cycle of themselves out to prove something, it isn't essential to me, what good will so much ill feeling and screw-up-peverted feelings achieve when we really need each other, we do work together to a certain exchange, we do get on to a certain extent, we do possess similar certians goals but unless we really clean our minds it wont last, its a start, a slow start none the less to total and ever lasting change, we can, we will and are making mistakes, we are feeble, we are only human. The road is rocky, it always will be and all we can do is provide the smoothest path as possible. I'm not talking of pacifism, idealism and blatant utopianism, we're talking of people in reality, their thoughts, reactions, faults and hopes coping whatever way we can to effect change against political systems (that by sheer scale) are so obviously wrong. It is happening, dont let anyone kid you, it wont be easy, we've a sever to clean out, lets get to it.
