

Screenplay

EXT. DESTROYED CITY - DAY

Two ordinary joes, CHARLIE and WILL, are hiding undercover as their city is destroyed by an alien invasion. They fire sporadically from machine guns in defense.

The sound of CARNAGE and EXPLOSIONS can be heard throughout the scene.

WILL  
One hell of a birthday party this  
turned into.

CHARLIE  
Tell me about it. Did the clown  
make it out alive?

WILL  
No, man. I saw his head explode.

An alien SCREECHES and jumps into their cover spot. Charlie and Will SCREAM before UNLOADING CLIPS into its wet maw. The alien SHUDDERS and dies.

CHARLIE  
We should find a better spot.

Some LASERS FIRE, and a building near them topples with a CRASHING SOUND.

CHARLIE (CONT'D)  
On second thought, here's good.

Another alien comes at them. They SHOOT it down. Will SHAKES his empty clip.

WILL  
I'm out.

Charlie SHAKES his clip.

CHARLIE  
Here, take some of mine.

WILL  
We're not making it out of here.

CHARLIE  
Don't say that!

WILL  
No, it's true. We're just two kids  
from Rancho Cucamungo; we cant stop  
a whole entire alien invasion.

(CONTINUED)

CHARLIE

You gotta believe in yourself. The army's not coming, so it's up to us.

WILL

Look, before it's too late, I need to get something off of my chest.

CHARLIE

We're best friends. You can tell me anything.

An alien attacks them, Charlie STABS it repeatedly.

WILL

I'm in love with your grandmother.

CHARLIE

What? Nana Betsy?

WILL

No, Mildred. The hot one.

CHARLIE

Can we talk about this another time?

WILL

There is no other time!

They hear the BUZZING of alien wings. An old woman, NANA MILDRED, is caught in their clutches.

NANA MILDRED

Help me, boys!

CHARLIE

They have my nana! Those bastards.

WILL

Now it's personal.

The two HIGH-FIVE and jump out of cover, spraying BULLETS.
